I hereby request and consent to the participation of yoga instruction and other procedures within the scope of the practice of yoga on me (or on the patient named below, for whom I am legally responsible) by the yoga instructor named below and/or other certified yoga instructors who now, or in the future, treat me while employed by, working or associated with, or serving as back-up for the yoga instructor named below, including those working at the clinic or office listed below or any other office or clinic, whether signatories to this form or not.

I understand that methods of treatment may include, but are not limited to, stress reduction techniques, injury rehabilitation techniques, pre-natal and post-natal techniques, body awareness work, facilitated stretching techniques, and emotional balancing.

I will notify a clinical staff member who is caring for me if I am or become pregnant.

I do not expect the clinical staff to be able to anticipate and explain all possible risks and complications of treatment, and I wish to rely on the clinical staff to exercise judgment during the course of treatment which the clinical staff thinks at the time, based upon the facts then known is in my best interest. I understand that results are not guaranteed. I understand the clinical and administrative staff may review my patient records, but all my records will be kept confidential and will not be released without my written consent.

I, the undersigned, hereby expressly and affirmatively state that I wish to participate in yoga. I realize that my participation in this activity involves risks of injury including but not limited to: cardiovascular and orthopedic type injuries, serious disabling injuries, and even the possibility of death. I also recognize that there are many other risks of injury that may arise due to my participation in this activity, and that it is not possible to specifically list each and every individual injury risk. However, knowing the material risks and appreciating, understanding, and anticipating that other injuries and even death are a possibility, I hereby expressly assume all of the delineated risks which could occur by reason of my participation. I have had an opportunity to ask questions. Any questions I have asked have been answered to my complete satisfaction. I subjectively understand the risks of my participation in this activity, and I voluntarily choose to participate, assuming all risks due to my participation.
